YOUR HOME

Homes come in every shape, size and design. So, whether your home is old or new, big or small, Contemporary or Colonial, finding a glass style that compliments what you have is important.

Our designers understand this. They have created designs that are simple to intricate, clear to obscure. This is where solid metals, textured and beveled glass come together to create true works of art. Everyone is different and so are our designs.

Let Trimlite help you create a front entrance that will be the focal point of your home and a true reflection of your taste and style. So now, it's your time to choose.

PRIVACY GUIDE

Trimlite offers an extensive line of designs to choose from and the degree of openness or obscurity varies considerably. To help your decision making process we have photographed each design under controlled circumstances so that you can see the difference. With each picture, we have included a number which represents the 'Privacy Level' for that particular design. This number will be referenced on the individual product page as well. Note: this 'guide' is subjective. It should only be used when comparing Trimlite designs.

SPECIFICATIONS

CONSTRUCTION

Handcrafted, our decorative glass panels stay true to their stained glass roots.

Using solid metals, where all of the joints are soldered by hand, ensures the panels will be strong enough to withstand daily use.

Our selection of premium art glass and bevels, which makes our designs come to life, are hand cut and fitted. It should be noted that the bubbles, lines, slight surface imperfections or discolourations are characteristics of all hand crafted glass. They are not considered defects.

Once assembled, the panel undergoes a thorough cleaning and inspection process. This attention to detail is our assurance of quality to you.

CAMING OPTIONS

Hand soldered metals in 3 finishes.
See individual product pages for availability.

Brass Caming
Subtle gloss finish that defines luxury and style.

Patina Caming
Black satin finish offers a rustic or antique look to your home.

Zinc Caming
Brushed chrome appearance brings a contemporary look to your entrance.

Please Note: Due to ongoing product development Trimlite reserves the right to make changes in design, materials and specifications without notice. Please contact your dealer for more information.

INSULATING SYSTEM

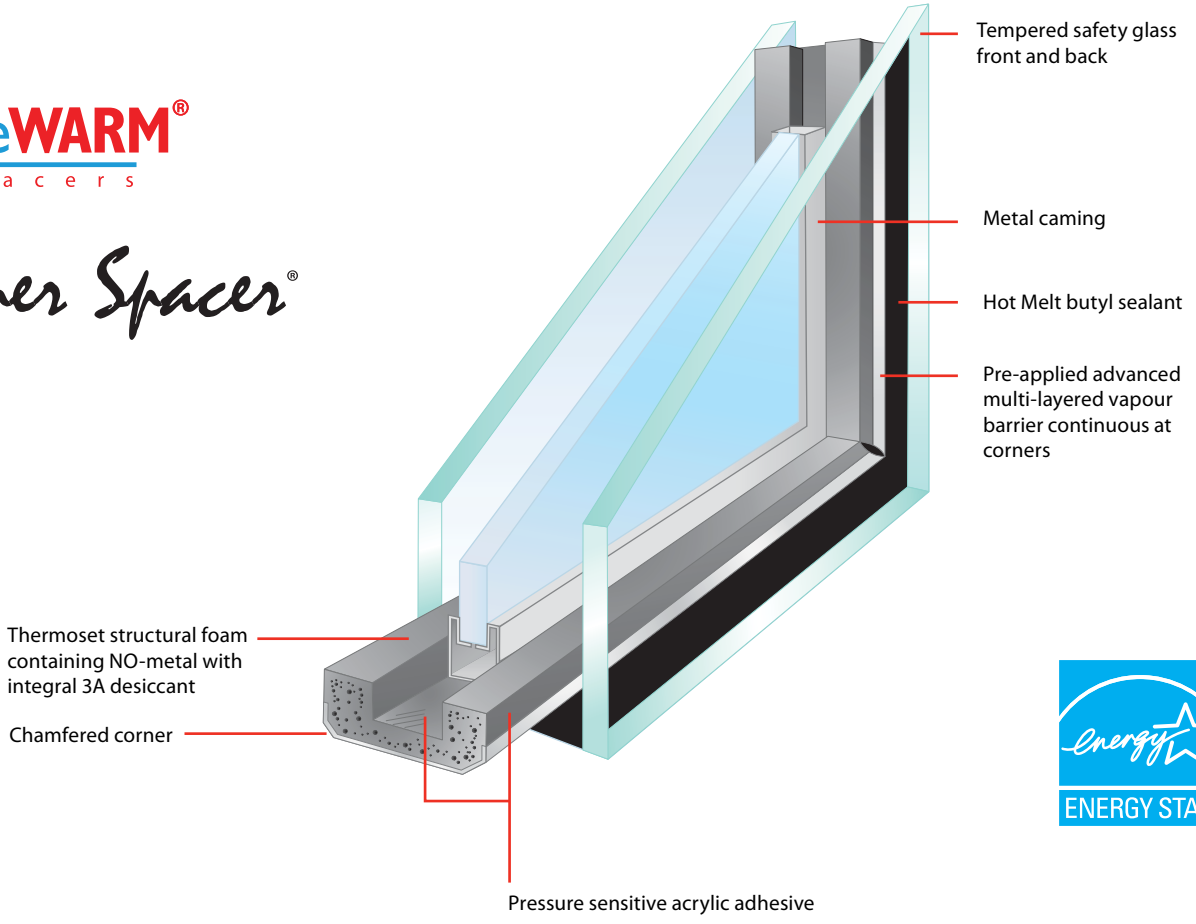
All Trimlite Decorative Doorlites are made with Super Spacer® Cushion Edge™, a flexible, U-shaped, silicone foam tape product used to wrap around and cushion our center decorative panel. Featuring a vapor barrier backing, the product used in combination with Hot Melt butyl, provides a superior Warm-Edge seal.

PERFORMANCE FEATURES

- Warm-Edge Benefits: Superior silicone foam insulation, low thermal conductivity
- Silicone Foam Features: Excellent UV resistance and extreme temperature performance
- Dual-Seal Performance: Chamfered corners for increased sealant depth
- Tempered Safety Glass for your piece of mind

TrueWARM® spacers

Super Spacer®



ENERGY STAR

All Trimlite Doorlites are certified by the National Accreditation and Management Institute, Inc. (NAMI).

All Trimlite products are energy tested. Consult your dealer for specific energy ratings.

Warranties: Our products are covered by separate limited warranties. Please contact your dealer for more information.

SuperSpacer®, TrueWarm® and Cushion Edge™ are all registered trademarks of Edgetech I.G. Inc.

Need more performance in your doorlite... Consider

Cardinal LoÉ²-272 Glass

Available in the clear and white internal grid options, the insulating value of Cardinal's **LoÉ²-272** patented coating is nearly double that of an ordinary insulated glass unit. In winter, **LoÉ²-272** reflects heat back into the room. In summer, it rejects the sun's heat and damaging UV rays. The coating is virtually invisible to the eye yet blocks 84% of the sun's harmful ultraviolet rays. In fact, **LoÉ²-272** is the clearest, highest performing glass you can buy.

Some items are special order. For a complete list of sizes, glass and grid options available in your area, contact your dealer for more information.

TRANSOMS

Whether you have a single door or something more, transoms are another way to allow more light into your home. Your transom requirements may well be unique to your particular situation. At Trimlite, we recognize this. So, we make every transom to your specifications, giving you the flexibility to choose the design* you want in the shape you need. Rectangle, half round, segmental or something else... let's create the design and shape that will be perfect for you!
